

Ka Him(Luca) Luk

Product Designer

SUMMARY

Product Designer with **4+ years of UX** and **3 years of graphic design** experience specializing in streamlining **complex B2B workflows** for fintech and corporate banking, implementing **secure features (2FA, role-based permissions)**, and leveraging **user research** to **guide data-informed decisions**. Adept at using **user research** to **prioritize high-impact features**, delivering **measurable outcomes** to senior stakeholders, and combining **frontend knowledge** for seamless implementation.

EXPERIENCE

Product Designer — Jul 2022 - Sep 2023

Bank of China Hong Kong (Corporate Banking)

- Designed the **Mobile Cheque Deposit feature**, attaining a **75.8% conversion** rate and processing **USD 6M in transactions**.
- Revamped the **corporate banking app (130K+ customers)** by gathering feedback to **prioritize high-value features**, resulting in a **22% increase in downloads**.
- Created the **password reset journey** that **served 5,023 users in 6 months**, reducing **support costs** equivalent to **two full-time staff**.
- Collaborated** cross-functionally (**IT, operations, compliance**, lending, personal & corporate banking) to establish an **integrated blueprint** for **unified customer journeys**.
- Conducted **concept testing** with financial managers from **global corporations to SMEs** using high-fidelity prototypes, **informing major banking projects** valued over millions US dollars.

Product Designer — Nov 2020 - Jul 2022

Branding Records (Global Agency)

- Restructured** the **information architecture** for an education network of **200+ pages**, creating a scalable **design system** for **21 schools**.
- Led **client research** for **B2B platforms** like alfred24, partnering with **marketing teams** to drive a **6.3% conversion rate** and a **28% increase in unique page views** in the first month.
- Collaborated with developers** on web projects, resolving **technical constraints with creative UX solutions**; **built websites independently** using Webflow.
- Designed **user flows** for a **Moschino gamification campaign**, achieving **22.5M impressions** and boosting audience engagement.

Digital Designer — Jan 2019 - Oct 2020

Luca Luk (Design Consultancy)

- Delivered **websites, layouts, and marketing materials**, aligning creative direction with **client goals**.

- Managed end-to-end **client relationships** from **pitching** to **delivery**, maintaining transparent communication and **on-time project execution**.

Design and Comics Production Lead — Sep 2015 - Oct 2018

Century Culture (Startup Publisher)

- Produced **41 magazines**, **51 standalone issues**, and **11 art books**, demonstrating proficiency in **typography**, **layout**, **color theory**, and **visual storytelling**.
- In a **fast-paced startup** environment, **managed a team of five** while overseeing publisher communications, **invoicing**, and **staff training**.
- Revamped the **e-commerce site** for parents and children, optimizing **navigation and UI** to **raise sales by 24%**.
